BLACK HAND CONDEMNED

Italian Ambassador Has No Patience With His Countrymen Who Break the Laws.

SHOULD SUFFER FOR DEEDS

Kidnaping, Murder and Kidred Outrages Should Be Followed by Swift and Relentless Justice.

Atlantic City, N. J., Aug. 12.—The Italian ambassador, Mayer des Planches, who is spending the summer here, severely condemns the Italian society of the "Black Hand" of New York, engaged in blackmailing his countrymen by threats of kidnaping and death. "The kidnaping of young Mannino," said the ambassador, "is certainly a

the nearby timber to watch the fun. The "tenderfeet" were compelled to alight and keep their hands in the air. After the girls had secured everything they could lay their hands on, they revealed their identity and returned the valuables to the startled passengers, giving them the laugh.

BREACH OF NEUTRALITY.

Russians Very Indignant Over the Attack on the Ryeshitoini.

St. Petersburg, Aug. 12.—Indignation is expressed by the morning papers over the Ryeshitoini affair at Chefoo. They declare it to have been a more obvious breach of neutrality laws than the battle of Chemulpo at the beginning of the war. The papers call upon the authorities to present the matter to the attention of the powers.

Commenting at some length on the affair the Novosti says it is to be hoped that the powers, when the matter shall have been laid before them, will take active steps toward enforcing neutrality under the guarantee of Secretary of State Hay's note, which action hardly could be expected from the "weak and shift" government of China on its own initiative.

REWARDED FOR HONESTY.

Chicago Railroad Man Gets \$100 for Return of Lost Valise.

Chicago, Aug. 12.—Thomas Taylor, a guard on the South Side Elevated railroad, has received a reward of \$100 from the Woodlawn bank for the recovery of a satchel containing nearly \$14,000 lost on a South Side Elevated car.

The valise is said to have been lost by a messenger of the bank. Eight thousand dollars of its contents was in gold and the remainder in bonds and checks. The guard, on finding the small fortune in his car, took it immediately to the lost and found department of the company where a few hours later a representative of the bank recovered it. Taylor was married only a week ago.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best Salve on earth and will prevent fatality, when Burns, Sores, Ulcers and Piles threaten. Only 25c. at Chas. Rogers' drug store.

"Neglected colds make fat graveyards." Dr. Wood's Norway Pine Syrup helps men and women to a happy, vigorous old age.

CLIFF DWELLERS' RUINS.

Denver, Aug. 12.—Senator T. N. Patterson of Colorado has gone to Navajo Springs to meet the chiefs of the Ute convention and try to make arrangements with them whereby they will convey to the United States government the tract known as the Mesa Verde lands and its ancient ruins. These ruins are of inestimable value as prehistoric studies.

The present movement is the result of an amendment to the Indian ap-

propriation bill which gives the president the right to negotiate for the purchase of the lands and looks to the preservation of the public lands.

There will be representatives of the various departments at this meeting besides Mr. Gilbert McClurg, president of the Society for the Preservation of Cliff Dwellers' ruins, the Ute agent and Senator Patterson. The ruins are on the border line of Colorado and New Mexico.

Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run-down system, or despondency invariably precedes suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self-destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by Chas. Rogers, druggist.

The Grotto handles nothing but straight liquors; no blended goods in the house.

MAY DEMAND PASSPORTS.

Minister Leishman Will Not Tolerate Insolence From Turks.

Constantinople, Friday, Aug. 12.—Minister Leishman today saw Tewfik Pasha, Turkish minister of foreign affairs and renewed the urgent representations of the American government for an immediate settlement of the demands of the rights of American citizens in Turkey.

It is understood important developments are expected within a few hours, either the Porte giving way or Minister Leishman demanding his passports.

After the interview with the minister, Tewfik Pasha proceeded immediately to the palace.

THE JUGGLING MORTONS.

serious matter, but it is nothing that concerns the Italian government. The matter rests entirely in the hands of the New York police. I believe they will catch the miscreants. When Italians leave Italy and come to this country we expect them to be good American citizens. We like to believe that they will abide by the laws and customs of your country and commit no offense against the laws for which they will have to suffer. I condemn the fact that Italians have been engaged in kidnaping or other crimes and if any of my countrymen have violated the laws of the United States, I hope they will receive full punishment."

GIRLS' IDEA OF FUN.

Hold Up Stage and Relieve Passengers of Valuables.

Butte, Mont., Aug. 12.—Two girls, one from Helena and the other from New York, a few days ago held up a Concord stage of the Yellowstone Park Transportation Company. In a spirit of fun, compelling several men and women passengers to alight, and, at the point of rifles, hand over all their valuables. Not until one of the "bandits" snickered and a false pair of whiskers slipped down off a smiling, rosy countenance, did the tourists suspect they were being made the victims of practical jokes.

The two young ladies, with a party of friends, are touring the Yellowstone park. To create a little diversion they arranged with the driver of the stage that they would hold him up on the Golden Gate road at a lonely spot in the thick timber. The girls attired themselves in chaps, strapped on two six shooters, the barrels of which had been sealed by the military authorities of the park, borrowed two carbines from the troopers, and with their friends and the soldiers concealed in

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes, of DuPont, Ga., "and gave me up. Every body thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by Chas. Rogers' drug store. Price 50c and \$1.00. Trial bottles free.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Through the Skin TO THE BLOOD.

Some of the most stubborn diseases enter into the system through the pores of the skin. The juices of Poison Oak and Ivy and other noxious wild plants, when taken into the circulation, break out afresh each season, and linger on for years unless antiodated and driven out of the system.

Dye Poisoning from wearing colored under-clothing and thosery is of frequent occurrence.

Workers in Lead, Brass, and other metals are often poisoned by the chemicals and acids used in polishing, and the dust and filings settling upon the skin. The diseases that enter the system by absorption or through the pores are as deep-seated and dangerous as any, and cannot be reached by washes, salves, soaps or other external remedies. The blood must be purified before getting permanently rid of the disease. S. S. S. acts upon the blood, ridding it of the original poison and restoring it to a healthy, normal condition.

S. S. S. is guaranteed entirely vegetable, and an unrivaled blood purifier. With all impurities removed from the blood, the sores and eruptions disappear from the skin. Write us should you desire advice or any information about your case; this will cost you nothing.
